

Reporting Dissemination Activities

Through **Implementation > Reporting > Dissemination**, users with *Coordinator Rights* and *Contractor Rights* can report and review different types of dissemination activities.

In the exported report, the system will extract and list all dissemination activities a date within the period of the export report.

All activities can be searched and sorted for through filters at the top of the main area by *Owner*, *Status*, or *Sort by*.

Users with Contractor Rights will only be able to add themselves as the owner of a dissemination item. Additional owners need to be added by a user with Coordinator Rights.

Patent

Select the Patent type of activity from the five choices listed. Then enter in the necessary information: *Title*, *Date*, *Status*, *Details* (*Application Reference*, *Type of IP Rights*, *Applicants*, *URL*) and the *Owner*. New owners can be added by simply clicking **Add Owner**.

The screenshot shows the 'Patents' form in the EMDESK system. On the left, there is a sidebar with 'Patents' selected and an 'Add Patent' button. The main form area has filters for 'Owner: All', 'Status: All', and 'Sort by: Nothing'. The form title is 'PAT1'. Under 'Type & Title', the 'Type' is set to 'Patents'. The 'Title' field is empty, 'Date' is 'Fr 21.10.11', and 'Status' is 'Submitted'. The 'Details' section has fields for 'Application reference(s)', 'Type of IP Rights', 'Applicant(s)', and 'URL'. At the bottom, the 'Owner' section shows a list of users: 'P1 - CLL' (checked), 'P2 - SSO', and 'P3 - UGL', with an 'Add Owner' button.

Exploitable Foreground

Select the Exploitable Foreground type of activity from the five choices listed. Then enter in the necessary information: *Title*, *Date*, *Status*, *Details* (*Description*, *Products/Measures*, *Sectors*, *Timetable of Commercial Use*, *IPR Exploitation*) and the *Owner*. New owners can be added by simply clicking **Add Owner**.
